BRAND INFORMATION

The founder of Nikka and the father of Japanese whisky, Masataka Taketsuru, received his training in Scotland while under contract for another company. Taketsuru founded Nikka in 1934 with the establishment of the Yoichi Distillery on the island of Hokkaido. Taketsuru's early successes prompted the development of a second distillery in 1969, this time built on the island of Honshu in the foothills of the Miyagi prefecture, two hours north of Tokyo.
